

# KWS CHILHAM

Spring Wheat  
Sparrow x Azurite

SEEDING  
THE FUTURE  
SINCE 1856

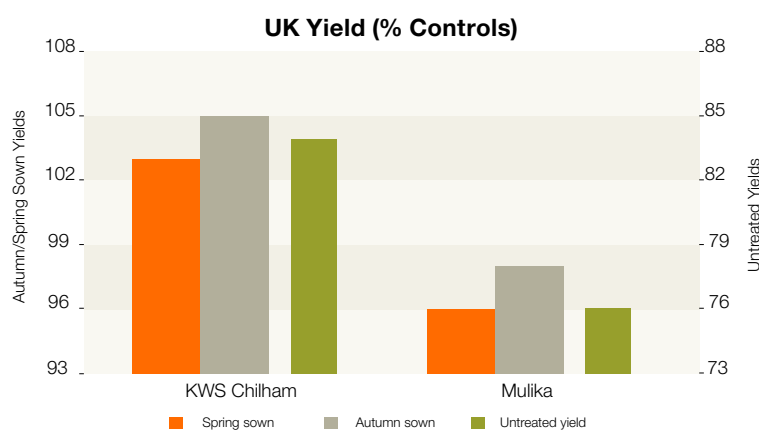

## The new Dynamic Spring Wheat!

- Highest untreated yield of any spring wheat
- High yields in both late autumn sown and in the spring sown slots
- Good all round disease profile with OWBM resistance

KWS Chilham is a new spring Dynamic Wheat, which provides farmers with sound agronomics, a good all-round disease profile and excellent yields. As well as being one of the highest yielding late autumn sown varieties, it is also the second highest yielding spring sown wheat.

KWS Chilham is the quality spring wheat with excellent physical grain quality, good baking performance and strong gluten.

It is a very vigorous, high yielding variety with a competitive growth habit, meaning KWS Chilham will be a very useful tool to help manage blackgrass.
